VThunder® Big Twin Hydraulic Roller Lifters

VThunder® by Comp Cams®, the leader in valve train technology, introduces replacement hydraulic roller lifters, for the Evolution® Big Twin, to its line of V-Twin aftermarket parts. The VThunder® lifters feature a rigid nodular cast iron body and 52100 bearing for superior strength and durability. These lifters utilize advanced oil flow metering to control engine temperature. Each lifter is precision ground to exact tolerances before being fitted with a high grade piston. For more information, contact us at 1-800-967-1066 or www.vthunder.com.
